(signature of proxy)

Explanatory remarks:

* Any data that can unequivocally identify the authorising person qualify as identification data. For example:

- natural identification data (place/date of birth, mother's name)
- primary place of business or, in the absence of such, premises or, in the absence of both, address
- tax identification number (tax identification code, tax number)

** Any data that can unequivocally identify the proxy qualify as identification data. For example:

- natural identification data (place/date of birth, mother's name)
- primary place of business or, in the absence of such, premises or, in the absence of both, address
- number of legal licence, number of tax consultant, certified tax expert or tax expert certificate

*** Please put an X as appropriate.
